Treasurer's report. Deyane Mayfield presented a preliminary treasurer’s report. She handed out a report from the auditor. At the end of June 30, 2000, the report indicated that KAPS had $23,985 in net assets. Ray shared that he asked the auditor to complete a small report and spend more time assisting with policies and procedures. Deyane shared that we have approximately $20,000 prior to conference expenses. A CD of approximately $3,000 will mature in March. Angie Chandler moved to accept the treasurer’s report. Karen Tuerk seconded it. The report was approved. Deyane reported that KAPS received a bill from the Mental Health Coalition for last year’s fees and this year’s fees. Debbie Anderson moved to pay both year’s fees. Michelle Gadberry seconded it. The motion was approved.

A great deal of discussion occurred regarding the Mental Health Coalition Liaison. It was noted that past minutes reflected that Jim Batts had served in this position which was incorrect. Angie Chandler motioned that Dorothy Brock serve as the Mental Health Coalition Liaison. Ray Roth seconded it. The motion was approved and Dorothy Brock accepted the role.

Planning Committee. Bob Kruger shared information from the Retreat meeting. At the Retreat action plans were divided up and were to be discussed at a meeting at the conference. There were some problems with everyone receiving the needed information and many people did not have the action plans as discussed. Consequently, a meeting was set up for November 17 in Nicholasville to discuss action plans which dealt with issues for the organization. Bob requested that he have the action plans ahead of time to disperse to the EC.

Past President. Ray Roth shared information from the KPA task force regarding Master’s Level issues. He handed out the final recommendations from that Task Force. Ray stated that there was overwhelming support to allow Master’s level trained psychology professionals to have autonomous functioning with specific conditions. Those Master’s trained psychology professionals who achieved Autonomous Functioning Status would be the title “Licensed Psychological Practitioner,” those who are not credentialed to practice without supervision would be the title “Licensed Psychological Associate.” These recommendations will reportedly go before the EC of the KPA and then will be sent on to the licensing board. Ray shared that the state of psychology in Kentucky is at a crisis level, especially in some places in the eastern and western parts of the state.

Legislative Committee. Jim Batts presented a proposed KAPS immediate response procedure. A few amendments were suggested. Ray motioned that the procedure be accepted with the amendments suggested. Carl Myers seconded it. The motion was approved. The amendments to the response procedure are as follows: On the first step, there will be 3 regional delegates selected, instead of 2; On the second step second sentence will read: In order for the team to take a position which is consistent with the mission and goals of the organization, a majority must agree with the position.

Jim Batts updated the EC on the KDE’s suggestions related to the LD tables and KAP’s role. Nancy Sander asked KAPS to be the advisory group that makes the recommendations for revisions (e.g., which tests should be tabled, which scores on instruments should be used) to the tables. KDE will be responsible for inputting the data into the tables. Jim suggested that KAPS develop an Advisory Panel for this matter. He recommended that the panel meet a minimum of twice yearly. Sharrl Fasko appointed Jim Batts as the Chair of the LD Advisory Panel. Jim agreed to serve for one year. Ray moved that the EC accept the proposal given by Jim Batts in a document with the modification of meeting a minimum of two times a year. These meetings could coincide with the KAPS conference in the fall and the spring training.
meeting. (The summer EC meeting was deleted as a recommended time). This LD Advisory Panel will be opened up to the general membership. Some ideas for getting out the information to membership include posting it on the web page and putting information in the newsletter.

NASP requests that two people attend. Ray suggested that the EC consider Duane Miller as one of the attendees. Ray motioned that KAPS send two people to the Institute and pay for expenses. Connie Adams seconded. The motion passed. NASP is requesting a gift from each state for the Children's Fund. Nancy Hampel moved that KAPS contribute to the fund. Michelle G. seconded it. KAPS is currently listed as an affiliate, and she encouraged people to join KASA. Angela shared that the new Commissioner, Mr. Wilhoit, is very appreciative of school psychologists. It was suggested that he be considered to speak or give a greeting at next year's conference. Angela shared that the State Board is emphasizing minority achievement, academic agenda, dropout prevention, and alternative education. These might be areas of grants. Ray suggested that grant writing be a topic for next year's conference. Ray asked Angela and Duane to write an article for the KAPS Review regarding KASA.
